TRAINEE RELATED ACTIVITIES

The trainee activities relate to functions the trainer needs to complete for each individual trainee. All trainer activities relate to the context of a trainee; therefore, to proceed you must first select one of the trainees.

	en an en ante a secondar de la companya de la comp	To select a trainee, cli	To select a trainee, click on 'Select Trainee' on the left hand menu. This will				
ţ	Trainer 4	rainer then open a table listing all of your trainees. Click on the trainee you wish to view or edit information on and their summary profile will display.
